

Press Release

Poggi & Associati with IMA and Maestrale Investimenti to enhance the value of the investee GIMATT

Poggi & Associati has provided consultancy services to IMA, a world leader in packaging for the pharmaceutical and food industry, and to Maestrale Investimenti, an investment holding company, in the process of enhancing the value of GIMATT, which resulted in the company being listed in the STAR segment of the electronic stock exchange (MTA) managed by Borsa Italiana S.p.A.

Participating in the transaction for Poggi & Associati were Luca Poggi and partners Emanuele Gnugnoli and Alessandra Dalmonte.

Luca Poggi commented: *“We are particularly proud to have been involved in the entire growth and valuation process which resulted in the listing of GIMATT, a jewel of Italian mechatronics that in just six years has gone from little more than a project to a solid industrial company with a market capitalisation of 1.1 billion Euro at the IPO.*

On this particular occasion the tight integration of the financial, legal and tax expertise of our firm, along with the traditionally close relationship with IMA and its first line management, which allowed us to understand the industrial approach, have made our significant contribution to this beautiful Made in Italy story possible; from the start-up phase, right up to today’s successfully completed IPO”.

With more than 30 professionals, of which 7 are partners, Poggi & Associati has offices in Bologna and Milan. Established in the 1980’s, the firm provides customised tax, legal and financial consultancy services and solutions to domestic and international clients. Poggi & Associati mainly serves corporate clients and is able to manage even very complex transactions through its multidisciplinary team.
